PETITION

To the Yukon Legislative Assembly:

This petition of the undersigned shows:

THAT the Yukon is in a housing crisis

THAT tenants in the Yukon have little to no protection from evictions

THAT limited vacancy and unaffordable market rates leave Yukoners who rent and prospective renters in a precarious situation

THAT landlords in the Yukon are currently allowed to evict tenants without cause under the current legislation

THEREFORE, the undersigned ask the Yukon Legislative Assembly to urge the Government of Yukon to issue an Order in Council which would temporarily prevent evictions *without* provision of cause until such time as the Residential Landlord and Tenant Act can be reviewed.
